Comes with a self-lighting heater that is thermostatically controlled and is run using an electric fan and a gas burner. Amenities include a toilet, shower, sink, a 6 gallon hot water heater, and air conditioning. Has a 31 gallon grey water tank, a 24 gallon black water tank and a 20 gallon fresh water tank. Also has a large refrigerator (2 way), 2 burner stove, gas and Co/Smoke detectors. Trailer is equipped with a 40 lb. (7 gal) propane tank that we fill. *This trailer is not suitable for remote locations because rear slide and front jack require power to operate.* **Tow Ball mount, ball and sway bars supplied by ORC for most applications. Towing requirements: MUST HAVE A TRAILER BRAKE CONTROLLER INSTALLED.** Must complete trailer towing class.

Note: Inquire about dates and times for **mandatory** towing class conducted in ORC class room. All camping trailers are equipped with electric brakes. I.A.W. Colorado Revised Statutes, Title 42-4-223(c) Brakes: It is mandatory that electronic trailer brakes be used when towing **all trailers** (except for A-Liner). To benefit from the safety and convenience of electric brakes, brake controllers must be installed in the tow vehicle prior to ORC vehicle inspection. **Add 249 lbs. to trailer with full fresh water holding tank.**

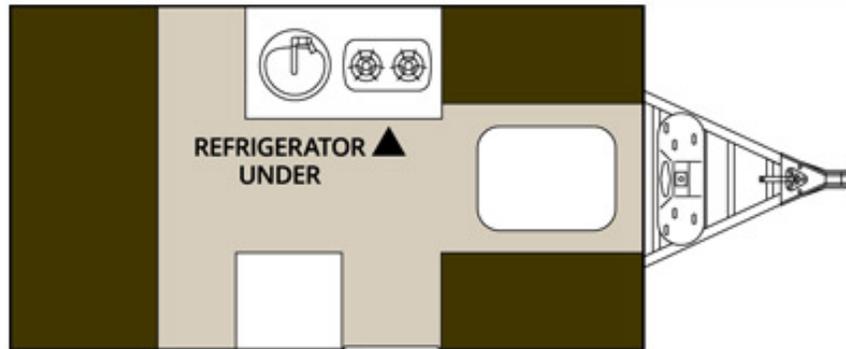

Attention:

If camping off grid the battery will only last 2 days.

Be advised: tongue weight increases with fresh water fill up.
